Our TV School

We know TV is the thing today,
And we're very sure it's here to stay.
So may we on the pages ensuing,
Liken our school to televiewing?

Our Seniors are the "Soldiers of Fortune",
Whose work with us will soon be done.
We wish them happiness and health
As they go their way in our commonwealth.

The "Little Rascals" in our school
Are oft inclined to break a rule.
But ere many years have passed in review,
We know they too will bid us adieu.

Our many activities are "Stars of Broadway".
There's chorus, band, and FHA, GAA and FFA.
There's basketball, baseball, and also track,
So "Cavalcade of Sports" we do not lack.

No TV program would be complete
Without commercials, so it's only meet,
That we include some in these pages,
Ere we entrust this to the ages.

We, the members of the Senior Class of 1956, of Armstrong Township High School, County of Vermilion, State of Illinois, being of sound mind and body, do hereby declare this to be our last will and testament.

To Mr. Birch we leave some steel tapes to replace the ones the boys have borrowed.
To Mr. Reber we leave a noisier 2nd hour study hall, but now we are afraid you won't have time to read so much.
To our Secretary, Pat Clementz, we leave a dumb waiter to carry all of the money on. Will one of us do?

Class Prophecy

From the news on Channel '56 at A.T.H.S.-T.V. we have seen what our former classmates have been doing.

We find Don Frye running a big truck farm North of Ellis. He furnishes food for all the people of the city.

Carol Plotner is now editor of the Daily Herald at Armstrong. She publishes six copies a day.

We now see Jim Jarboe on a dairy farm North of Champaign.

Roberta Ault is now a Home Economics teacher at West Point.

Vernon Rademacher is a doctor in Africa. He takes care of all the cannibals.

Pat Cler is now running after the patters of little feet on the famous Budview farm.

Harold Mullins is now an auctioneer at the Penfield Salebarn selling Tamworth Hogs. Known as "Moon" to most people.

Ann Clingan is now a hair stylist for the famous T.V. Star, Lois Halcomb, who models mink coats. Ann is also taking care of her five kids, Dennie, Donnie, Dickie, Dixie, and Di.

Walt Pribble is living on Graveyard Street in Cemetery City. He is an undertaker.

The famous bookkeeper of the U.S. Treasury Department is Bill Berry. They have never found another one like him.

June Howell is a teacher at Armstrong. It really keeps her busy when she is raising her family also.

Dick Hopkins is a basketball coach for a team of his own. He also has three cheerleaders.

Ray Bell is now happily married and lives on a farm north of Penfield. His wife, the former Darlene Mosson is a Baton Teacher. It keeps her busy giving lessons to her own kids.

Ted Walrich has always wanted to be a chemical engineer so now he works down in the sewer. He spends his free time singing "The Song of the Sewer" with his partner Ed Norton.

Bonnie Tucker is now married and lives on a farm near Fithian. Her two sets of twins sure keep her busy.

Dick Buck is now owner of a Penfield Night Club. He really enjoys the floor shows best.

David Cessna is a Latin Professor in a college in Pakistan. The students are teaching him.

Donna Chesnut is now married and lives in Texas on a big ranch. She is raising three little cowboys.

Rita Clementz now lives at Gifford and works at the University. She and her husband both work at the University farm.

Ted Hinners is a car dealer at Chicago. He sells Model T's and Model A's.

Martha Fisher has become one of America's leading career women and tonight's news tells of her being named as one of America's ten best dressed women.

Dorothy Jackson is the wife of the General at Chanute Air Force Base. They are raising "little privates."

Jo Ann Loschen runs a bus line between Royal and her house. She is the only one that rides.

Gerry Powell is an airline stewardess on the hop from Collison to Chanute Field.

Melvin Readnour received all the news from the old classmates through his radio system.

Frank Gordon is a strong man with the Ringling Brothers Circus. Also with the Circus is Virginia Wilson as the trapeze artist.

Well as you can see most of them have been keeping themselves pretty busy.

The Creed

We are the Future Homemakers of America.
We face the future with warm courage
And high hope.
For we have the clear consciousness of seeking
Old and precious values.

For we are the builders of homes.
Homes for America's future.
Homes where living will be the expression of everything
That is good and fair.
Homes where truth and love and security and faith
Will be realities, not dreams.

We are the Future Homemakers of America.
We face the future with Warm courage
And high hope.

The Creed

Walter Pribble
Vice-President

I believe in the future of farming, with a faith, born not of words but of deeds--achievements won by the present and past generations of farmers; in the promise of better days through better ways, even as the better things we now enjoy have come up to us from the struggles of former years.

James Jarboe
Secretary

I believe that to live and work on a good farm is pleasant as well as challenging; for I know the joys and discomforts of farm life and hold an in-born fondness for these associations which, even in hours of discouragement, I can not deny.

I believe in leadership from ourselves and respect from others. I believe in my own ability to work efficiently and think clearly, with such knowledge and skill as I can secure, and in the ability of organized farmers to serve our own and the public interest in marketing the products of our toil. I believe we can safeguard these rights against practices and policies that are unfair.

Terry Ellis
Reporter

I believe in less dependence on begging and more power in bargaining; in the life abundant and enough honest wealth to help make it so--for others as well as myself; in less need for charity and more of it when needed; in being happy myself and playing square with those whose happiness depends upon me.

Harold Mullins
Treasurer

I believe that rural America can and will hold true to the best traditions in our national life and that I can exert an influence in my home and community which will stand solid for my part in that inspiring task.

Sentinel
